## **DETAILED ACTION**

### ***Response to Amendment***

1. The Amendment filed 7/13/2004 is sufficient to place the Application in position for allowance.

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: As per claim 12, the closest prior art of record 5,222,018 and 4,799,156 taken either individually or in combination with other prior art of record fails to teach or suggest auditing a business transaction in reference to the schedules and timelines established and the success of meeting the schedules and timelines.

The specific allowable feature, which distinguishes the present invention over the prior art is automatically auditing a particular transaction as a function of the elapsed time between specified events as a function of received confirmation data.

2. Claims 13-29 are dependent upon Claim 12 and thus has all the limitations of claim 12 and is allowable for that reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
